INTRODUCING FOR 1936

MID-WEST CHAMPION
PRIDE OF AMERICA

*WHEN PERFECTION COUNTS
OUR ORIGINATIONS WIN*

OUR ORIGINATION

MID-WEST CHAMPION

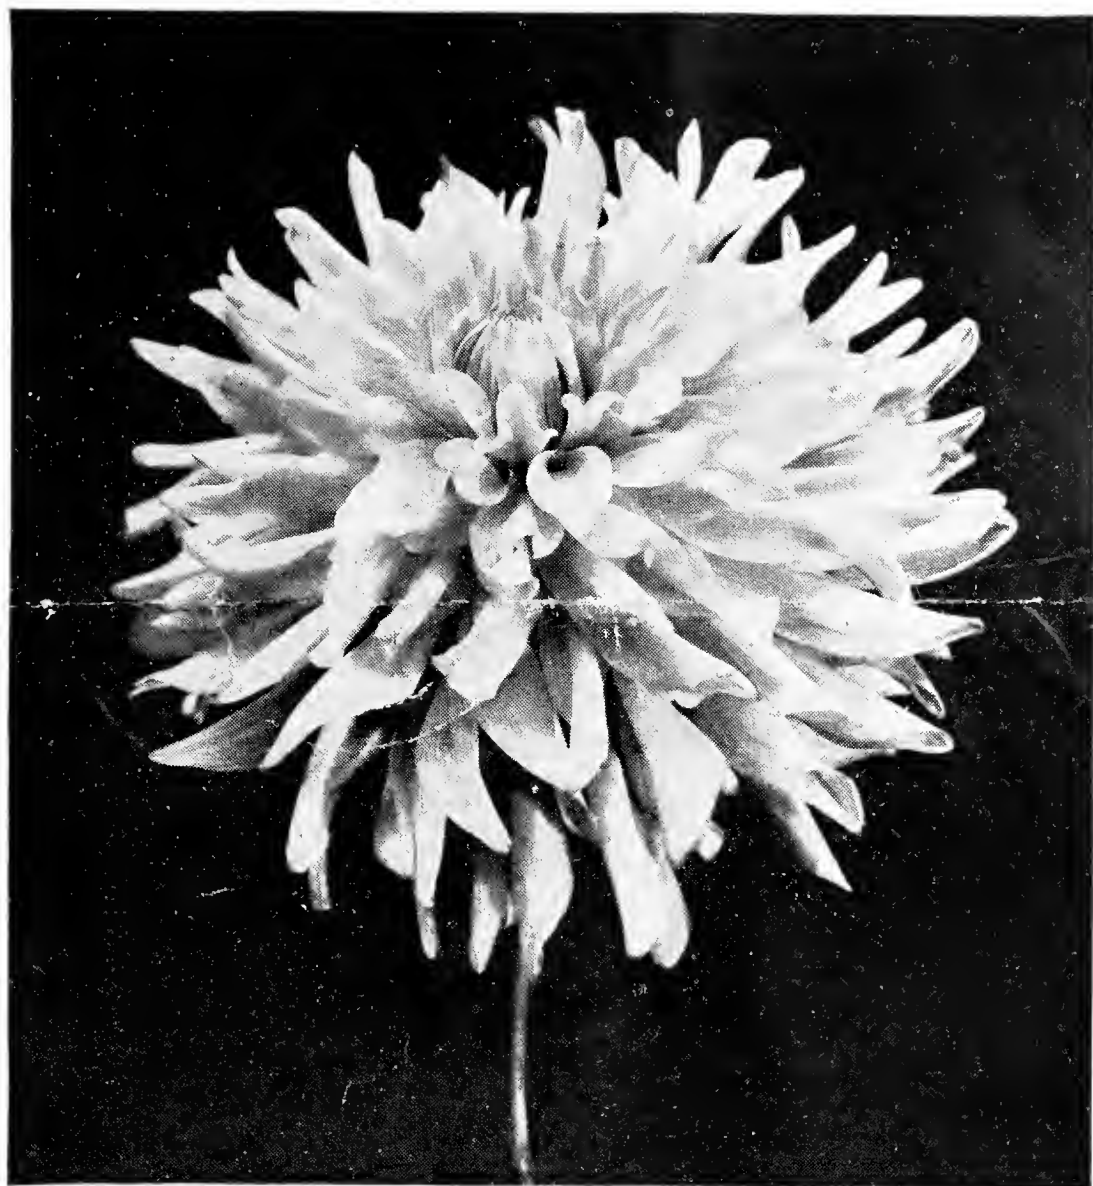

Informal Decorative. The very unusual color is liseran purple or brilliant deep violet rose shading to yellow at the very base of the petals. The plant growth is ideal, four and one-half feet high with dark thick insect resistant foliage. Long straight stems hold the large blossoms erect, well out of the foliage in a very artistic manner. Received Certificates of Merit at the trial gardens, Storrs, Conn., and East Lansing, Mich. An Honor Roll Dahlia. **Roots, \$10.00; Plants, \$5.00; Rooted Cuttings, \$3.35.**

WHAT OTHER AUTHORITIES SAY OF MID-WEST CHAMPION

Mr. Roland Patch, Storrs Trial Gardens: "I am glad to learn the name of this beautiful novelty. Mid-West Champion was outstanding here. It is a real Champion."

Mr. C. E. Wilden, East Lansing Trial Gardens: "Congratulations on the showing of Mid-West Champion. It was one of the very best at the trial gardens last season."

Our originations are noted for their perfection in form and stem

OUR ORIGINATION

PRIDE OF AMERICA

Semi-Cactus. Primrose yellow with pink on reverse of petals. The nearest to a 100% dahlia that I have had the pleasure of seeing. I predict it will be used as the standard in the semi-cactus classes for years to come. The truest S. C. type with high full centers and the petals folding back to the stem, making it nearly globe shape. The huge flowers are displayed beautifully on perfect stems. An Honor Roll Dahlia.

Roots, \$15.00; Plants, \$7.50; Rooted Cuttings, \$5.00.

WHAT OTHER AUTHORITIES SAY OF PRIDE OF AMERICA

Mrs. Warren Maytrott, Dahliadel Nurseries: "The stem and formation is about perfect. Pride of America is just the type dahlia we need."

Mr. J. W. Johnston, House Beautiful: "If perfection counts, Pride of America will go places."

Mr. D. W. Hart, The Flower Grower: "Pride of America is one of the best, if not the best, of its type in existence. It will be extremely difficult to defeat."

No show garden will be complete without this variety

MIRTH, MIN. D.

This little fellow is a nice orange red, a color not found in any other miniature. If grown naturally it will produce many fine small flowers on good long stems which will bring a premium price in the cut flower market. It makes ideal table flowers and will *also* win in the show room.

Our catalog for 1936 will be ready about February 20th. In it will be listed many new dahlias as well as the best of the older ones. Roots, plants and rooted cuttings.
